

# HEAVY DUTY ROUGH TERRAIN HAND PALLET TRUCK

WITH **1500KG CAPACITY**

model

**GZR11N**

**1500**

It has pneumatic tires mounted on hubs with sealed bearings and forks moving on rollers with self-lubricating bushings which facilitates travel and lifting with minimal effort.

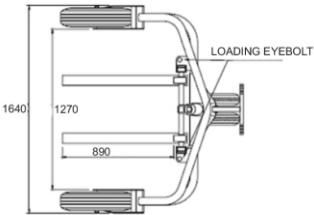

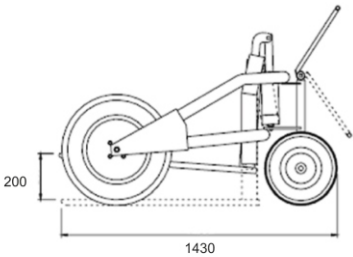

**THIS CAN BE MADE  
TO SPECIAL SPECIFICATIONS  
OF UP TO 1.85KG**

The width of the forks is adjustable to adapt to all the pallets. The lifting system is hydraulic with integrated hand pump. Handling is full and does not require lubrication. The RT rough terrain pallet truck is designed for moving pallets on uneven terrain especially for the building trade.

The RT pallet trucks advantages

- All terrain • Agile
- Versatile • Light
- Large capacity (1500 kg)
- High reliability
