

Electric Rough Terrain Pallet Stacker 1000kg, 1200kg and 1500kg Capacities

Electric Rough Terrain Pallet Stackers are designed for loading, unloading, transport and placement of pallets on rough terrain and uneven surfaces. These Stackers are ideal for use on building sites, farms, garden centres, camp sites etc.

FEATURES:

- Raised chassis makes it ideal for rough terrains
- Can travel steep inclines of up to 10% with 1000kg and 15% with 600kg
- Wide straddle legs which provide great stability
- Large rough terrain wheels
- 2 independently powered drive wheels
- Special versions and attachments are available
- Ingress Protection Rating: IP54
- BATTERY: 2 x 12V / 100Ah
- TRACTION MOTORS: 1t - 1x 500W / 1.2t - 2x 500W / 1.5t - 1x 2.5kW
- LIFT MOTOR: 2kW
- Clearance under Straddle Legs: 200mm
- Clearance under Mast: 120mm

Crane Lifting Points
