

## TXL 200 ROUGH TERRAIN SCISSOR LIFT TABLE

The TXL200 is a mobile scissor lift table ideal for use on not completely level or smooth surfaces. It has an unusually high raised height for a single scissor action and stores well thanks to its folding handle. Both swivel wheels are fitted with total stop brakes.

### Technical data:

Capacity (Q):	200 kg
Maximum lift height (H):	1000 mm
Closed platform height (h):	340 mm
Table size (LxCxE):	1000x500x35 mm
Handle height (A)	1055mm
Overall length (B):	1120 mm
Overall width	600mm
No. of pumps to full height:	≤25
Wheel diameter (D):	200mm
Approx. weight:	60kg
