SPECIFICATION SHEET

UVEX PHEOS PLANET B-WR

The uvex pheos planet helmet is an example of the planet series product system. The helmet shell is made using up to 30% bioplastic and the headband is made using 50% degranulated helmet shells, which significantly reduces process-related waste during production. All individual packaging is made of regranulated material and the packaging is single-grade and can be returned to the recycling chain after use.

- Part of the planet series product system
 - Helmet shell is made of up to 30% bioplastic
 - 50% of the material for the headband is made of ground helmet shells
 - All individual packaging is made of regranulated material and has been taken from the recycling economy
 - The user instructions are printed on 100% recycled paper
 - Suspension harness with wheel ratchet system for variable width adjustment
 - Safety helmet with helmet torch slot on the front
