SPECIFICATION SHEET

CARDIAC SCIENCE G5 AED FULLY AUTOMATIC DEFIBRILLATOR

- Fully automatic operation - automatically delivers a shock, if needed
- Supplied with one set of adult electrode pads, battery and software + exclusive extras
- 7 year manufacturer's warranty on the defibrillator unit
- 4 year battery standby life
- 5 year battery shelf life
- 2 year electrode pad life (from date of manufacture)
- Daily, weekly and monthly automatic self tests performed by the unit
- Energy levels are increased should the initial lower dose shock be unsuccessful
- Robust IP55 rated design for high resistance against dust and moisture
- Provides LED indication for visual assurance that the defibrillator is fully functional
- Battery status indicator shows the remaining battery capacity
- Non-polarised adult pads help to save time in an emergency
- Stores usage information that can be transferred to a computer for analysis: USB port
- Can be used on young patients with the infant/child pads (sold separately CM1205)
- Typical time taken for initial analysis and time to charge: 15 seconds

This item is shipped directly from the manufacturer, please allow 7 days for delivery.
